Present: Mayor Milos and Councilors Robich, Pontinen and Vertachnik.

Absent: Councilor Bol.

Staff Present: City Engineer John Jamnick and City Clerk/Treasurer Debra Sakrison.

Discussion about which kind of meters to look at for meter replacements.

Sewer rates, Equalization Basin \$3.50 for 10 years. 1,540 customers including Fayal.

Robich wants customers to read their own meters, post card and then someone would have to key that read.

Discussion about costs and service fees.

Equalization Basin \$1,000,000 plus engineering.

Waste Water Treatment Facility 10 year replacement for membranes.

Reviewed the applicants for the Utility Billing Clerk/Administrative Assistant Training & Education results to determine interview pool.

Motion by Robich second by Pontinen for the Work Session to be continued 11:04 a.m. MCU

Motion by Vertachnik, second by Pontinen to reopen at 12:42 p.m. MCU

If \$7.22 was charged per sewer customer per month in 30 years would raise \$4 million.
For the Equalization Basin if \$8.17 per sewer customer per month in 10 years would raise \$1.5 million.

\$7.50 will be added monthly to the utility bill for the Waste Water Treatment Plant upgrade.

Mayor Milos and Pontinen will be interviewing the top seven applicants on Monday July 31, 2017 and on Tuesday August 1, 2017 starting at 5:30 p.m. Email questions to Mayor Milos.

Motion by Vertachnik, second by Pontinen to adjourn at 1:10 p.m. MCU
